Our Services

1 Day Nurse Assessment Free

Companion Angels Home Care Solutions serves clients throughout New York. We are proud to be part of the community as caregivers and we apply a conscious effort to maintain the level of quality of our home care services. For every home we visit and for every client in our care, it is the goal of Companion Angels Home Care Solutions to customize care services to suit the changing needs of the client. Here is a list of the services we provide.

★ **Companionship**

At **Companion Angels Home Care Solutions**, our Companionship Services are tailored to meet your unique needs at home. We keep flexible hours so that we can provide care for you during your preferred schedule.

★ **Personal Care Assistance**

Being hindered by age, injury or disability can take a toll on our ability to take care of ourselves. With us by your side, we provide flexible personal care assistance that allows you to focus more on your health and living your life to the fullest. Each personal assistance care rendered is tailored to the needs, lifestyle and preference of each client.

★ **Occupational Therapy**

If you are worried about leaving your loved one at home alone, you can count on **Companion Angels Home Care Solutions** to be your eyes, ears and hands to safely guide your loved one through the day when you're away.

★ **24 Hour Live-In Care**

When age, health and/or mobility contributes to the increasing challenge of living a quality life, Companion Angels Home Care Solutions is here to ease the burden and help you address the issues with coming to terms of the circumstance of having limitations due to physical and or mental conditions.

★ **Physical Therapy**

Caregivers from **Companion Angels Home Care Solutions** will be happy to run errands for you and do household chores. We understand that with old age or illness, keeping the house clean takes more out of your health.

★ **Nursing**

Our RN's are very well experienced in generating a plan of care for your loved ones condition or disability by communicating with family members, doctors, dieticians, physical therapist, etc. just to mention a few. They also keep track of our caregivers daily schedules. Our RN Assessments work under the strict guidance and supervision of our Registered Nurses. Our assistants handle the basic direct care and assist clients in their daily living activities. They fulfill critical roles such as keeping track of the patient's vital signs, performing safety techniques, assisting patients with ADL's, mobility assistance and many more.

★ **Social Work**

We make sure that our elderly patients are properly taken care of, especially during this time in their life where even the basic tasks can be overwhelming for them. You can rely on our experienced staff who have been carefully selected from undergoing an extensive selection process. At Companion Angels Home Care Solutions, your loved one's safety is our top priority.

These and other related responsibilities can fall on the dependable shoulders of our caregivers at Companion Angels Home Care Solutions. We hope you will consider us as your provider. Please tell us how we can help you at home. Get in touch with us today!
